E-BALLOT CONSENT:

E-balloting was approved by the membership in 2015. It streamlines the voting process, saves time and conserves GSCA funds. As a result of these benefits, e-balloting gives the club more flexibility in presenting important issues to the membership for their vote. Members may revoke e-balloting consent; however, once permission is given you must notify the GSCA Membership Chair to revoke consent. We sincerely hope that everyone will consider using e-balloting but for those members who wish to receive paper ballots only, we will continue to mail those ballots which require membership vote. The club reserves the right to poll only members using e-balloting on issues that don't require membership vote but for which the club is gathering information.

By checking the box, and with the signature below, I agree to e-balloting. (Each applicant must provide a unique email address for e-balloting.)
